The Archery Way

Competing with Honesty and Integrity

As archers, we strive to shoot our best while competing with integrity. Honesty is an expectation, sportsmanship and composure, an obligation. We encourage others and understand our responsibility to self-officiate and protect the field with an overall goal of bringing the archery way into everyday life.

NASP® TOURNAMENT SANCTIONED RULES & PROTOCOLS

The National Archery in the Schools Program (NASP®) National Rules are the governing rules for the Western and Eastern National and Open Championship tournaments. NASP® states within the United States and other NASP® countries have the freedom to manage their programs within these rules. Although the NASP® National Rules are the minimum guide for

states and countries to follow, each state or country may add to or increase the NASP® rules to fit local requirements. Standard safety protocols and operating principals create a familiar field for NASP® students, so they are prepared and understand what is expected at each NASP® event. **KENTUCKY: KyNASP® specific additions will be noted or highlighted in blue.**

NASP® relies heavily on Coordinators that manage the program within their respective jurisdictions and will continue to do so for determining eligibility of all schools within their jurisdictions under these rules.

New for 2022: Except for inconsequential language edits, rule changes are in **yellow** highlights.

- The NASP® logo is a registered trademark and may only be used on t-shirts, banners, or any other items, with written permission from NASP®.

***Special Note Concerning Distance Learning:** The school of *enrollment* determines a students' NASP® school. If schools are allowing students to participate in distance learning through on-line education to maintain their progress and grades, those students are still members of the school in which they are enrolled.

1. **NASP® Participation** - All State, Provincial, and National Tournaments/Championships
To maximize the number of students who will discover their aptitude and interest for archery, NASP® is an in-school program. NASP® emphasizes team participation to maximize the number of students who will participate and to promote positive social interaction among students and faculty.

NASP® officials reserve the right to make on site determination of any situation not covered by these rules. NASP® officials' decisions are final.

- 1.1. **Definition of NASP® School:** A NASP® school is one that adheres to the training, equipment, safety requirements and protocols followed by NASP®. *NASP® safety protocols must be followed by all NASP® schools and teams to preserve the experience for current and future students.*
 - 1.1.1. School lessons must be presented by NASP® certified faculty or volunteers.
 - 1.1.2. At least one coach of the team must be NASP® certified. **KENTUCKY: all coaches must be NASP® BAI certified.**
 - 1.1.3. Only NASP® certified teachers or coaches may register student archers for tournaments.
 - 1.1.4. Equipment requirements and range protocols must be followed.
 - 1.1.4.1. Only the standard Genesis™ bow & Easton 1820 arrows may be used during NASP® class or on a NASP® range.
 - 1.1.4.2. NASP® range specifications and design must follow training provided in the NASP® Basic Archery Instructor's course.
 - 1.1.4.3. Failure to follow these protocols will make the school ineligible to participate in NASP® tournaments. Failure to follow safety protocols such as bows, arrows, and curtain use, may also result in de-certification of the NASP® certified teacher or coach.
- 1.2. **In School Requirement:** Every archer must attend **(be enrolled in)** a school that conducts NASP® lessons during normal school hours.
 - 1.2.1. NASP® lessons must be conducted as part of the in-school curriculum, a minimum of 10 hours per school, per year.
 - 1.2.2. In-school lessons are the priority in NASP®. Ideally these lessons should be thorough enough for the students to enjoy a safe and motivational experience.
 - 1.2.3. Classroom lessons must include at least the following subject material.
 - 1.2.3.1. Determining eye dominance.
 - 1.2.3.2. Stringbow® used to teach Eleven Steps to Archery Success®
 - 1.2.3.3. Safety Orientation and shooting of bows and arrows on a NASP® range.

1.2.4. Examples of how this might occur include:

1.2.4.1. At least 10, different archery classes of 1 hour each – daily for 2 weeks, twice weekly for 5 weeks, etc.

1.2.4.2. 5 classes per day of 1-hour each, for 2 different days.

1.2.5. When a school meets or exceeds this minimum, even if not every student in the school takes the archery class, EVERY student in the school is considered eligible for NASP® tournaments. It is expected that even those who do not take the in-school instruction, will be provided safety and shooting form instruction if they join the FOLLOW-UP archery club or team before they attend a NASP® tournament.

1.2.6. Prior to participating in any NASP® competitions during a school year, the head coach for a school's team (or other coaches associated with the school for tournament purposes) will be required to log in to the School Manager for the school. This coach will be required to acknowledge that they understand the in-school teaching requirement and commit to making sure that the requirement is met. KENTUCKY: failure to meet the commitment once acknowledged may result in the team's ineligibility to compete the next year.

1.2.7. After-school-only archery programs or clubs are ineligible.

1.3. Divisions within NASP® Schools: NASP® divisions are defined as.... Elementary School division, grades 4 and 5; Middle School division, grades 6, 7, and 8; High School division, grades 9, 10, 11, 12.

1.3.1. If schools have similar names but are at a separate address such as the 'North Middle School and North Elementary School' even if in the same district, they are separate schools and may not mingle shooters on teams.

1.3.1.1. Except: If elementary grades (4th & 5th) are not in the same school the schools where the two grades are found may combine students to form elementary teams if both are NASP® schools. Example: this could be a school with K-4 and a school combining with a 5-8 or 5-12 school.

1.3.1.2. Except: If middle school grades (6-8) are not in the same school the schools where the three grades are found may combine students to form middle school teams if both are NASP® schools. Example: this could be a K-6 school combining with a 7-8 or 7-12 school.

1.3.1.3. Except: If high school grades (9-12) are not in the same school the schools where the four grades are found may combine students to form high school teams if both are NASP® schools. Example: this could be a school with 9-10 combining with an 11-12 school.

1.3.1.4. Where divisions are split between schools the enrollment numbers of both schools apply to eligibility of the small school rule.

1.4. Homeschool: A student who is attending homeschool may participate

1.4.1. If the homeschool has enrolled in NASP® and provides in-school NASP® archery lessons, by a NASP® certified instructor, and meets the requirements of section 1.2. above. This also applies to other schools that are without buildings or campuses, such as, homeschool groups, on-line or "virtual" schools. A homeschool must present the NASP® lessons as a portion of an in-school classroom curriculum, such as in Physical Education. If Physical Education is not offered, NASP® lessons could be included in Math, Science, or any other in-school class curriculum. Kentucky: To enroll in NASP® the homeschool or homeschool group must contact their State NASP® Coordinator to inform the Coordinator of their intent to participate or form a NASP® archery team by submitting a copy of their "letter of intent to homeschool" that was submitted to their local Superintendent's office. Many State Departments of Education maintain lists of public and private schools that coordinators can use to determine valid schools. Kentucky homeschools/groups are not included on these lists. This will allow Coordinators to validate and be aware of the homeschool groups and their NASP® archery teams. Homeschool students do not have to be part of a homeschool group. They do not have to be part of a team. They can participate as an individual for their homeschool.

1.4.1 If a local homeschool group/co-op meets for classes (Example: a group that meets for Math, English, Science, Physical Education and other non-archery classes), the students from that homeschool group/co-op can form an archery team if approved by the State NASP® Coordinator. (Kentucky: To be considered a homeschool group/co-op, students from different homeschools must meet on a regular schedule during the school day to meet educational needs other than archery. Homeschool groups must present NASP® lessons as part of their in-school class curriculum meeting the same requirement as public/private schools. Lessons must occur during the school day and should include as many of the homeschool group as possible, not just those participating on the team. If a homeschool group/co-op only meets after school, they are not eligible.)

- 1.4.2 If a homeschooled student receives in-school NASP® lessons by attending (enrolled in) classes at a NASP® public or private school, in accordance with sections 1.1. and 1.2., that student must participate for the school where he/she receives NASP® lessons. Kentucky: If a homeschool student is enrolled in a public or private school for one or more classes where they are introduced to archery as part of their curriculum in one of the classes, they may participate for that public or private school NASP® team if they meet the requirements to be a member of that school's team.
- 1.4.3 A homeschooled student is ineligible if archery lessons are after-school only.
- 1.5. **Eligible Grades:** Only students who are in grades 4-12 may participate.
- 1.5.1. A student at any NASP® school who has graduated early during the current school year may, at the discretion of the school Principal, participate.
- 1.5.2. A student who no longer attends a NASP® school due to having moved, being promoted, etc. is ineligible to participate until/unless the student's new school joins NASP® and may then only represent their NEW school.
- 1.6. **Number of Archers Per Team:** NASP® archery teams must contain 12-24 students, at least 4 of which must be of the opposite gender.
- 1.7. **Single Gender School:** If a school is single gender school, the school shall compete as a single-gender-only school unless eligible to combine with another school under the small school rule (section 1.8). The coach should contact the State Coordinator for their state to set the single gender indicator for the school. Once set, the team score for the school/division is determined by summing the top 12 scores for the team with no consideration of gender.
- 1.8. **Small School:** If a competitive division within a NASP® school (Elementary 4th – 5th, Middle 6th – 8th or High 9th – 12th) has a total student enrollment of less than 150 students, the team for that division may add students from another competitive division within their school or from a competitive division at another NASP® participating school in the same city, county, or school district. KENTUCKY: small schools may combine to create a single 12 to 24 member team. If each school can field a team of 12-24, it is best for the students to compete for their own school.
- 1.8.1. A competitive division within a school with 150 students (or more) enrolled may not add archers to their team from another school or division.
- 1.8.2. If a student shoots up for a higher division team (as allowed by 1.8. above), that student will be competing for team rank in that older division but retain individual rank according to the archer's actual grade.
- 1.8.3. Unless utilizing this "small school rule", students may only shoot on a team at the NASP® school they attend (are enrolled in).
- 1.8.4. A request to "shoot-up" must be submitted in advance to the state/provincial coordinator and must include school enrollment numbers by grade for all schools involved to be approved prior to their first tournament.
- 1.9. NASP® is a school program. If a school administration deems a student unsuited to represent the school, NASP® will abide by the decision.
- 1.10. If a student archer is disqualified for any reason at a provincial, state, state qualifying or regional tournament, the student is ineligible to participate in any NASP® competition until such time the student has regained good standing in his or her state or province. The NASP® coordinator would alert the national office of such disqualification.

3. **Equipment - Only equipment specified and approved for use in NASP® may be used in tournaments.**

NASP® equipment has been selected to be as universal-fit as possible to make administration of the program suitable for in-school teaching. Tournaments follow in-school program design as closely as practical.

- 3.1. At tournament officials' discretion, any bow, arrow, or accessory may be subjected to complete inspection at any time. Anyone found using disallowed equipment or modifications will forfeit awards and be disqualified. Disqualification may affect their team's rank.
- 3.2. If after the 10-meter practice end begins an archer is found to be using disallowed equipment, the archer is subject to disqualification. KENTUCKY: It is the coach and archer's responsibility to have tournament ready equipment based on the rules.
- 3.3. **Bows:** Archers are expected to bring their own NASP® Genesis™ bows.
 - 3.3.1. Only the stock (original) unmodified Genesis™ bow approved for NASP® may be used, except for allowances described below.
 - 3.3.2. When called by the announcer, archers will place bows on the provided racks for inspection. Once inspected, the bow must remain on the range unless a repair is needed and approved by a lane official.
 - 3.3.3. The Genesis™ Mini, Pro, and GenX are prohibited from use in NASP®.
 - 3.3.4. The bow's axle-to-axle length, measured from the center of each axle, must be no shorter than 35.25".
 - 3.3.5. The bow's grip must be in place and unmodified. Changing the shape by removing material or adding material, including tape is prohibited. The grip may be painted for personalization. However, paint used must be "color only". The use of paint with added texture material or paint that dries with a multi-texture finish (including but not limited to those designed as bed liner material) is disallowed.
 - 3.3.6. Only tied on or heat shrink nock locators may be used. Instructions for tying on a nock locator are available at www.naspschools.org under the "Resources" tab, in the "Information/Learning Center".
 - 3.3.6.1. There may be up to one nock locator above and below the arrow nock.
 - 3.3.6.2. If using two nock locators, the gap between them must be 1-1.5 nock widths. The archer must nock the arrow between the 2 nock locators.

**If 2 nocking
points, the arrow
nock must be
placed between
them.**

- 3.3.6.3. If using one nock locator, the archer must nock the arrow below and touching the nock locator.
- 3.3.6.4. If desired, a tied-on nock locator may be used directly above and against the original shrink tube locator that comes on the bow to maintain its position, as a quick or temporary fix.
- 3.3.6.5. Brass nock locators are prohibited for safety reasons.
- 3.3.7. The bow must be sight and sight-mark free.
 - 3.3.7.1. Solid color tape, paint, or "sharpie" to cover marks may be applied to the face of the sight window at a point starting at the top of the bow's grip and running at least 6" up the face of the sight window towards the top limb. Any tape used must be a single piece of tape applied vertically to the face of the sight window only. Single piece, die cut, solid color, stickers that match the shape of the sight window are also permitted. Wrapping tape around the riser is prohibited. KENTUCKY: Tape is not allowed at the State Tournament. IF a bow has marks on the face of the site window; all archers are encouraged to remove any tape and either apply a die-cut decal, paint, or use an industrial "sharpie" type marker to cover the face of the sight window from the grip extending at least 6" up. Archers will have the 2021-2022 tournament season prior to the state tournament to complete this modification.

- 3.3.7.2. Camouflage bows may be used, but the face of the sight window must be covered. As described in 3.3.7.1.

- 3.3.7.3. Any tape, paint or sticker used to cover sight marks must remain throughout the competition.
- 3.3.7.3.1. Archers and coaches should comply with this rule before their flight time.

- 3.3.8. The outside and inside of the sight window must be kept free of any raised edges, such as tape, stickers or logos. KENTUCKY: The outside and inside of the sight window will be free of any tape, stickers, or logos even if the raised edges are not prominent.

- 3.3.13. A bow may be personalized by painting, stickers, et cetera, but without sight-marks. The stickers may not be on the inside, outside, or the face of the sight window.
- 3.3.13.1. Temporarily attaching carabineers or other devices to the bow during any flight is prohibited.
 - 3.3.13.2. Wrapping anything around both limbs to "join them" is disallowed.
- 3.3.14. The arrow rest must be the standard NASP® flipper rest that comes on the Genesis™ bow. The rest arm that is missing the sleeve or slightly bent is acceptable. The sleeve may be original, absent, or replaced with heat shrink tubing similar to the original rest arm sleeve. KENTUCKY: Bending the arrow rest around the shaft is not allowed. If the slight bend at the end of the flipper rest is missing, it may be added.
- 3.3.15. The bow's draw weight must remain unchanged throughout the flight after the 1st scored arrow is shot at 10 meters.
- 3.3.16. Except for a malfunction, bows must remain downrange of the waiting line once shooting begins.
- 3.3.17. Except for a major malfunction the same bow must be used throughout the competition.
- 3.3.18. A non-compliant bow will be removed from the competition until it is restored to a compliant condition by the head coach. This must be completed before that archer begins or resumes competition.
- 3.3.19. Coaches should be prepared to complete timely repairs if necessary (spare arrow rest, serving material or spare bow). The tournament will remain on schedule.

- 3.4. **Arrows:** Arrows are provided at State/National level events, as loaners, but remain the property of NASP®. Provided arrows may have been shot in prior flights.
- 3.4.1. Only the original Easton aluminum 1820 arrows approved for NASP® may be used.
 - 3.4.2. If the archer provides personal arrows, they must be official NASP® arrows.
 - 3.4.3. The length of the arrow shaft must be the standard NASP® length.
 - 3.4.4. If personal arrows are used, a readily accessible supply of replacements must be on hand. Once the flight begins all arrows will remain forward of the waiting line unless being replaced.
 - 3.4.5. Arrow nocks must be the Easton N nocks currently used by Easton in the production of the 1820 aluminum Genesis arrows.
 - 3.4.6. Arrow points must be the NASP® standard; glue-in, cone shaped and weighing 60 grains.
 - 3.4.7. Arrow vanes must be 3 soft plastic, 2.5-3.0" long and between .4-.6" in height and attached to the shaft or wrap with a straight offset of approximately 1.5 degrees. Vanes may be of any brand or shape but must be within the listed dimensions (New Archery Products NASP® SPEEDFLETCH is also permitted for use)
 - 3.4.8. Personal arrows must have vanes marked for identification.
 - 3.4.9. The arrow shaft may be marked, crested, wrapped*, or taped above the mid-point (towards the nock) for identification. The crest (NASP-Genesis label) must remain visible and readable.
**An arrow wrap is a small piece of unweighted self-adhesive vinyl that is wrapped around the rear of the arrow to coat the shaft in a very low weight plastic sleeve.*
- 3.5. **Accessories:** Very few accessories are allowed in NASP®
- 3.5.1. Archers may wear basic finger tabs (free of metal or rigid plastic), tape, or gloves to protect draw-hand fingers. This includes unmodified "5-finger" gloves like golf and batting gloves. Unmodified golf or batting gloves may also be worn on the bow hand. Finger tabs designed for anything other than finger protection, including markings, are disallowed.
 - 3.5.2. Finger protection devices like the "No Glove" and devices made by other manufactures may be placed on the bowstring, but these must be without locator buttons (also known as kissers buttons) discs or aiming aids.
 - 3.5.3. Heat shrink tubing may be placed on the bowstring to reduce finger strain, but the tubing must cover the entire center serving above and below the nock locator(s).
 - 3.5.4. Archers may wear arm guards and chest protectors.
 - 3.5.5. Archers may wear eye patches, glasses, or tape on glasses.
 - 3.5.6. Finger or wrist slings are allowed.

 - 3.5.6.2. Any mounts or brackets used for a wrist sling must be non-rigid and may extend no more than 1/2" (one half inch) in any direction from the riser.
 - 3.5.6.3. A Leather "yoke" may be used to attach the sling to the bow, but a metal or hard plastic yoke would be considered rigid and disallowed.
 - 3.5.6.4. Wrist slings may be tied around the riser or through the hole in the riser just below the grip.
 - 3.5.6.5. Finger slings are only to be put in place once the 1 whistle command to shoot is provided.
 - 3.5.7. Mechanical release aids are prohibited.
 - 3.5.8. The bow must remain free of any devices designed to dampen vibration.
 - 3.5.9. Potential special allowances for physically challenged archers are evaluated on a case-by-case basis. While participation by the challenged archer is important, other competitors must not be negatively impacted. Commonly approved allowances include:
 - 3.5.9.1. Wheelchairs are permitted if needed.
 - 3.5.9.2. In the case of hearing or visually impaired archers, a coach or parent may provide assistance at the shooting line. A lane official must be alerted before shooting begins.
 - 3.5.9.3. Mouth tabs are permitted for archers whose physical challenges make drawing the bowstring impossible.
 - 3.5.9.4. Archers who use crutches may shoot from a chair or have coach assistance to stand.

- 3.5.10. Emotional support animals will be allowed by NASP® in the spectator area of the event (if permitted by the host facility). Emotional support animals must stay off NASP® ranges. If the animal creates a distraction of any type to the participants or spectators, the handler will be asked to remove the animal from the spectator area and possibly from the facility.

4. Competitive Format

NASP® Tournaments emphasize safety, sportsmanship, and indoor application. If an archer is unable to safely use all equipment and follow range protocols that archer may be removed from the competition

- 4.1.1. Target butts will be placed directly on the floor (or factory bases – which include single plank wooden “legs” or wheels) similar to the height of school butts.
- 4.1.2. Target faces will be placed on the target butts so that the bottom edge is touching the floor or as close to the floor as possible.
- 4.1.3. Targets faces (paper) will be NASP® 80 cm FITA face with 10 scoring rings.
- 4.1.4. The target line will be approximately 2 yards or meters from the face of the target butts.
- 4.1.5. There will be 10-meter (32' 10") and 15-meter (49' 2") shooting lines.
- 4.1.6. The waiting line will be at least 4-5 yards or meters beyond the 15-meter shooting line.

- 4.1.8. Spectator seating will be placed as close as possible behind the waiting line.
- 4.1.9. Shooting lines will support 5-foot-wide shooting lanes accommodating 2 archers per lane, one in the **left** half of the lane, one in the **right** half of the lane.

 - 4.1.9.1.1. Placement of any items or marks on the floor or target as a reference or aiming point is prohibited.
 - 4.1.9.2. Archers are to be at their assigned area 15 minutes prior to their flight times, with their equipment ready.
 - 4.1.9.3. Shooters occupying a lane will be from different schools where possible.
 - 4.1.9.4. Coaches assigned to a group of lanes for their team can move archers within their assigned lanes if needed. But must indicate a lane change on the score cards. Archer must still occupy the same side (L or R) of the lane as was assigned to the team and each lane should still have archers from two different schools.
 - 4.1.9.5. Solo shooters will be combined where possible to promote integrity.

Starting the draw before the arrow is pointed safely at the target is prohibited.**

4.4.2. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 10 meters.

4.4.3. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 15 meters.

Have the coach let the archer know if they continue to violate the rule, the announcer may announce "2 minutes" if the archer is still shooting at the 2 minute mark. The announcement is to let the archer know their shooting time is up.**

4.4.5. Dropped arrows will be left on the floor and replaced by a range official.

4.4.6. An arrow that bounces off a scoring ring on the target may be shot again as instructed by range officials. Except for practice ends.

 - 5.3.1. An arrow **shaft** touching a scoring ring line is awarded the higher point value. In the picture below the gold arrow is scored a 10 because the shaft touches the line. The black arrow is a 9 because the shaft does not touch the scoring line, only the hole made by the shaft touches.

The blue shaft is a "9".
The gold shaft is a "10".

- 5.3.9. An arrow that skips off the floor and bounces off the target is treated as a bounce out.
- 5.3.10. An arrow that sticks in the target, but falls completely out as shooting continues, is treated as a bounce-out and a replacement arrow may be shot.
- 5.4. Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament. [CLICK HERE](#) for a practice scorecard. KENTUCKY: If the scoring APP is to be used, the scorecard does not need to be scannable. A practice scorecard will be sufficient. (NASP Portal app can be downloaded from your APP store.  - 5.6.2.1.2. Also check to assure that ALL ARROW VALUES are bubbled.**
 - 5.6.3. Then the archers will reverse roles.
 - 5.6.4. If archers cannot agree on an arrow's score, a range official must be asked for the final decision.
 - 5.6.5. Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official will document such action on the back of the scorecard. KENTUCKY: If there is a discrepancy due to an erasure without lane official documentation on the back, the lower score will be used.
 - 5.6.6. After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.
 - 5.6.7. Once scores are final arrows may be pulled in accordance with rule 4.3.6.
 - 5.6.8. At the conclusion of the flight both archers must sign the scorecard.
 - 5.6.8.1. If an archer fails to sign his/her scorecard, the scorecard will be considered approved and final.
